

THE RENAISSANCE READER

The official newsletter of The Renaissance School of Dance

Sending big virtual hugs to you all!

So August and September didn't turn out how we expected it or planned for! At least some positivity from this situation is how our children (and us) are flexing our resiliency muscles, developing our imaginations and creativity! No flour, no worries - google protein powder recipes instead! No almond meal, no worries, blend up some rolled oats!

Every day during lockdown in our house we talk about what we are grateful and thankful for. An activity that I think makes us feel like our situation is OK, everything is going to be OK, we'll be OK and making memories and new learning experiences for our children.

I want to thank each and every one of you for being an amazing parent - for bringing up such amazing kids that are confident, resilient and are passionate about lifelong learning!

From my bubble to yours...Love from Miss Margs

Set in a dystopian world where autocratic and populist leaders are in charge of the USA, China, UK, Brazil and many other nations. 1pm Daily Update takes place in the imaginary island nation of New Zealand, a utopian society where science, facts, strong leadership and a genuine care for its people and environment take precedence over money and big business.
